The Dressler Ranch is constantly putting the water to beneficial use and rotating the water to benefit the preferred ranching. The rotation of permits allows for a better priority date for the cultivated lands. Therefore, if it is a dry year this will allow for the irrigation season on the cropland vs. landscaping for a residence. The water appurtenant to Parcel No. 31-130-18, a residence, should have been left alone with the original priority date of 1865 from DCR Claim No. 564. This was included under Permit No. 62966 without my knowledge. THERE WILL BE NO NEW WET OR DRY LANDS CREATED. MY INTENTION IS JUST TO CHANGE BACK TO THE ORIGINAL PRIORITY DATE.
